Callaway County Ambulance District

Request for Proposals

RFP Number – 2010-005

Closing Date – December 1, 2010

Closing Time – 0900 Hours

Cargo Trailer

The Callaway County Ambulance District is accepting **sealed** proposals for one (1) custom built cargo trailer that will be used in emergency and disaster situations. All components should be heavy to extreme-duty.

The trailer shall meet the following minimum specifications:

Dimensions

- Interior Height: 7 foot minimum
- Length: 18 feet
- Width: 102 inches minimum

Doors / Frames

- Rear load-bearing, fold-down door with lift assist/resistance cable and lockable latches
- Passenger's side entry door with lockable latch
- Trailer frame to be built with minimum 24 inch centers on walls and roof
- All doors to have weather stripping and full hinges

Axles

- Tandem 5,000lbs axle w/electric brakes on each axle minimum
- 4 new painted spoke steel wheels
- New 14-ply, load range E radial trailer tires

Tongue

- Minimum 2" ball
- Two safety chains
- 5,000lb pivoting jack
- RV-style 7 blade plug with 12V accessory wire

Exterior

- White painted exterior
- Chrome fender flares
- Chrome tread plate rock guard on front, 2 foot high

- Bottom chrome or painted rub rail secured to frame
- LED marker and clearance lights
- LED sealed brake and turn signals: Vertical orientation for signals and brake lights on lateral of back door, horizontal 3rd brake light above the rear door to be LED

Interior

- ¾ inch plywood side and front walls affixed to trailer's frame.
- Floor to be non-slip surface
- Electrical Wiring
- Service panel: Ten 20 amp circuits with breakers to be mounted on front wall passenger side
- All wiring to be secured inside metal conduit
- One 110v outlet on the rear of each side wall
- Two 110v outlets on front wall positioned on both sides
- One standard twist lock receptacle with weather cover, wired to service panel as power supply line on passenger side above rock guard on front
- Four standard twist lock receptacles with weather cover on each corner, 12 inches above rub rail, 12 inches lateral of the front and rear corners on exterior.
- Four 500 watt halogen sealed, up and down articulating, recessed work lights; to be placed on upper corners of each side on exterior of trailer
- Two four foot 110v fluorescent lights, with on/off switch at side entry door centered side to side running front to back.
- Two 12v dome lights to be wired to trailer accessory wire on trailer plug

Proposals should note any deviations from the bid specifications, applicable warranty information on structure, fixtures, and components, project completion time line, and final pricing.

Payment Terms

Full payment will be made at the time of delivery and acceptance of the completed trailer by the Callaway County Ambulance District.

Please address all communications regarding the specification and construction to:
